Server List

Community Servers

These are the current Community Servers. More servers may be added as time goes on.

Agoir

This is the main community server. Details can be found in #w4stedcave on the ARMCO discord.

It is currently recommended to have completed the first boss on another save before joining due to how far advanced the server is in the 'storyline'.

Event & Special Servers

These servers are for specific events or private groups.

Dritsker

This is a private server, please do not attempt to join unless asked and provided with connection details.

ARMCO1

This is a private server, please do not attempt to join unless asked and provided with connection details.

Rules

The Valheim Servers are run under ARMCO, and therefore the same rules. Please familiarise yourself with the ARMCO rules in the Discord.

Community Servers

Currently no specific rules exist, but please be excellent to each other and save us having to write specific ones!

Event & Special Servers

On the Event & Special servers, there may be additional rules imposed during an event or per server. These will be listed below if applicable.
